

JUNE 2021 NOTICE OF PLANNED POLE INSPECTION

POWER WILL NOT BE INTERRUPTED

Beginning in June and continuing until further notice in 2021, Washington Electric, or its Designee, Alamon, will be inspecting poles and conducting routine maintenance to identify decay and measure pole defects in the following towns:

Barnet, Bradford, Corinth, Groton, Newbury, Orange, Peacham, Ryegate, Topsham, Washington and West Fairlee.

If you have questions, please call **Ed Schunk @ 802-224-2317**.

Or email poleinsp@wec.coop

Washington Electric appreciates your understanding as we work to improve reliability in your area. Thank you!

Please remember, do not touch or approach a power line that is on the ground as it may be energized. If you find a downed wire, please call us immediately at 1-802- 223- 5245 or 1-800-932-5245.

To report an outage please call 1-802- 223- 5245 or 1-800-932-5245
